Notice re. 2016 Borough Collection Program

Fall Leaf Collection Schedule

As in the past, there will be no fixed schedule for leaf pickup and the schedule is set for November 1 through December 15. Leaves may be placed in either paper bags placed at the curbside, loose in garbage receptacles, or piled at the curbside.

The Borough understands that this program requires the cooperation of our residents. Be assured that the efforts of all our residents help protect our environment, increase safety and reduce operating costs.

Thank you for your assistance.

Grass Pickup

The last date for grass pick up by Miele Sanitation was on October 15th.
