

### **2015-2016 Snow Procedures**

#### **Important notice to all residents and commercial properties**

Your cooperation is needed during snowfall events to help the Borough keep the streets plowed and available for emergency vehicles, as well as pedestrian and vehicular traffic. All vehicles must be removed from designated snow streets. If vehicles are parked on posted streets, they will receive summonses and if not removed they will be subject to being towed.

All commercial contractors hired to plow and remove snow in town are required to be licensed and follow the rules and regulations of the Borough of Fort Lee. At no time is snow to be disposed of into the street from the property, parking lots, driveways and sidewalks. All snow blowers should be directed to blow snow back onto the property.

After the streets are plowed and salted, snow deposited back into the roadway creates hazardous situations, causes additional plowing of the streets and blocking of parked vehicles and driveways after the original cleanup. Summonses could be issued for non-compliance.

We want to thank everyone for complying with these requests and following the ordinances, rules and regulations of the Borough of Fort Lee.

Thank you for your cooperation.
